Beloved partners,

Thank you for all you mean to High Adventure Ministries, Inc., and for your love of Israel.

BREAKING NEWS: In Jerusalem several years ago, I saw a new broadcasting computer program. I realized I was looking at a tool that could be even more powerful than our 19 suitcase radio stations and our HOT-licensed radio channel. I learned though, this program was available only to corporations with the capability of buying equipment worth hundreds of thousands of dollars. This obviously excluded smaller ministries like us. Even so, I knew that if this invention ever became available to this ministry, it would be the most powerful weapon of mass evangelism that the Lord could give to us.

A couple of months ago on three separate occasions, I met a Spirit-filled engineer, Brad Forbis. I questioned the availability of the device I had seen in Israel. He said, “It has just become available!” Still shocked, I asked him to show me and to run a test. It was true! He added an entire new dimension available to High Adventure and we laid out a complete new business plan. He said, “We can install this and you can go ‘on the air’ within the next several months.” That day, he prayed and joined our ministry to help us fulfill this vision. Can you believe it? It perfectly fits our mission statement, and with this new broadcasting feature, High Adventure can reach all the nations from the United States and Jerusalem at a minimal to significantly lower cost.

With radio in hand, George Otis, South Lebanon in early 70s – making sure everyone can hear the “Voice of Hope.”

I know the Lord is revealing His mass evangelism plans to do a “quick work” with miraculous wisdom. The book of Daniel 12 tells us – *“in the end time knowledge will be increased.”* Then Proverbs 8:12 says *“wisdom dwells with prudence and finds out knowledge of witty inventions.”* (This is a supernatural understanding of devices.) Although I am not a computer expert, my media background became a programming idea “born in one day” for Israel.

High Adventure Ministries, Inc. is a war zone broadcaster.

Please go back with me for a moment to the time when our founder, George Otis, began High Adventure. It was over 40 years ago.

As an evangelist, God empowered him to pray for people to receive the Holy Spirit. He later hosted television shows, breaking news interviews, and miraculous testimonies. This led him to battles on the South Lebanon border, opening up the entire Middle East for radio, TV, shortwave, and breaking news. During this time, our fixed-tuned radios were parachuted into battlefields.

Then we placed 19 suitcase radios on Israel's borders with licenses and went "on the air" in Israel.

I am so excited because I know the next phase will be the greatest chapter in the life of this ministry. It always has and always will involve you, our beloved partners. So many of you were here when we started, and the Scripture says, "*The hands of those who laid the foundation will complete it.*"

The end times are nearing, and in His compassion and mercy for the world, God continues to put tools of evangelism in our hands. I'll share more about this amazing new technology soon, but please pray for us, knowing this is critical. Please "listen" and "give" as God prompts your heart. You make this ministry possible through your prayers and support. I am so thankful people will see you, our faithful friends and supporters, all over the world.

God bless you beloved partners,

Jackie Mitchem Grocky

Pastor Jason Hershey has received a government permit to erect "David's Tent" at the The Ellipse (officially called President's Park South) in D.C. to hold 40 days of prayer and praise. "David's Tent DC" is a national confession that Jesus is Lord of America and we receive him as such. This started Sept. 25th (Yom Kippur) and will be available 24/7 through Nov. 6th.
